

# Volunteer of the Month

## James Anderson

Rover Unit Leader (Asst.) Orion Rover Unit  
Asst. Scout Leader - Hawthorn

Aug 2024

James is one of those people who is always willing to turn up and help with any task, job or opportunity that is thrown his way.

Most recently, James provided support for the Gilwell Reunion. This included helping with planning for aspects of the event, purchasing items, and then running the bar for the entire event on his own. Even though he is a Wood Badge holder who could have attended the event as a participant, he chose to provide his time in making sure that others were able to enjoy the night.

He also went out and completed his RSA qualification so he could ensure that everyone was safe during the event. If it was not for James, the success of this event would not have been possible. His commitment to Scouting and supporting others is second to none!
