

Guidelines for Unit Activities

- ✿ Ensure your Unit opening includes a briefing on hygiene practices
- ✿ Socially distance for ceremonies – do not stand right next to each other as a Patrol. Consider alternatives – ask your youth members to come up with some ideas!
- ✿ Communicate with your members and families before meetings to advise them of requirements. Adhere to advice from your Group
- ✿ Avoid handshakes – we use them a lot in Scouts! Remember when doing investitures and ceremonies
- ✿ Reduce activities requiring ‘physical exertion’ – i.e. running and jumping games – to reduce potential spread of any illness
- ✿ Ensure you clean/sterilise/disinfect all equipment before and after the activity and minimise the use of shared equipment
- ✿ **Required: Have a person responsible for monitoring and reminding of COVID-19 safe practices (i.e. a COVID-Marshall who has completed required training and is identifiable – sign on door, specific badge etc)**
